

Tabled overview on new authorisations of genetically engineered plants issued by the EU Commission on 24 April 2015 for import and usage in food and feed.

Crop,	name	Comapny	Trait
Soybean	BPS-CV127-9	BASF	Herbicide resistance to imidazolinone
Soybean	DP 305423	DuPont/Pioneer	Changed oil composition. Resistance to acetolactate synthase (ALS)-inhibiting herbicides.
Soybean	MON87708	Monsanto	Herbicide resistance to Dicamba
Soybean	MON87769	Monsanto	Changed oil composition
Soybean	MON87705	Monsanto	Oil composition of the soybean is changed. Herbicide resistance to glyphosate
Cotton	T304-40	Bayer	Herbicide resistance to glufosinate. Produces an insecticidal Bt protein (Cry1Ab).
Cotton	MON 88913	Monsanto	Herbicide resistance to glyphosate
Cotton	LLCotton25xGHB614	Bayer	Herbicide resistance to glyphosate and glufosinate
Maize	MON87460	Monsanto	Drought tolerance. Resistance to antibiotics
Oilseed rape	MON88302	Monsanto	Herbicide resistance to glyphosate
